THE VINE AND THE THYME PLANT A Spanish Fable.

A vine, which flourished, fair and tall, By clinging to a friendly wall, Grew proud to hold her head so high, (As claiming kindred with the sky), And, looking down with patying secrn. On humbler plants beside her bern. Thus to a thyme-plant rudely said:

"Tis strange you never leave your bed, Nor grow a foot above the earlie; Sure, life must be of little worth. To one who thus is a drawys found. The merest groveler on the ground, where all the fragrance you may boast. On low society is lost; Whereas, (excess me, Goody Thyme?) If you, like me, would only climb.

The other answered, "Very true, I do not grow so tall as you;
But then, your ladyship must own, Unlike yourself, I grow alone!
For me, though but an humble thyme, I plty you, who cannot climb.
A single inch without support;
And so (O fix I) are fain to court.
An ugly wall to be your prop;
Take that away—and down you drop!"

destructive properties by holding it a It stretched dead in two minutes. It will kill a human being in twenty minwhen a dull, heavy, aching sensation crept over us, and our eyes swim. The gas which escapes here is of the rankest kind of carbonic, hence its sure destruction of life; also of quenchhire itself out, as the lawyers do, to de-

A New Indication of Death. - Is the patient really dead or not? is at times a very anxious question. A medical prac-titioner of Cremona proposes a simple method by which the question may be answered with certainty. It is to inject 150 feet, and the number of spans a drop of ammonia beneath the skin, nearly 100. The great span in the center when, if death be present, no effect, or s to be 1,500 feet, or nearly one-third next to none, is produced; but if there of a mile in width, and the smaller spans be life, then a red spot appears at the place of the injection. A test so easily applied as this should remove all appre-hension of being buried alive.—Scien-
